

Calian Health Health Clinic

Delivering Excellence in Health Solutions

Calian Health Clinic

Comprehensive health services to ensure your employees are healthy both pre-employment and during employment and that those with work-related injuries are able to return to work as soon as possible.

Conveniently located in the Fort McKay Industrial Park, Highway 63 North in the heart of the oil sands, the Fort McKay Health Clinic provides health services including employee physicals, work injury medical care, immunizations, medical surveillance, and more.

Our occupational health professionals respond quickly to employees' needs and offer appropriate treatment in a clinic that is dedicated to occupational medicine.

We are committed to keeping workers healthy and safe, giving them prompt medical care after an injury, and helping them remain productive and active during recovery.

Clinic Services

The clinic offers the following occupational health, prevention, safety, injury treatment & management and rehabilitative services.
